February 9, 2021

VIRTUAL EXPO: REGISTRATION & SPONSORSHIP NOW AVAILABLE

Inuvik, Northwest Territories – The Town of Inuvik and event organizers are pleased to announce that registration for the 2021 Arctic Development Expo is officially open for Delegates and Exhibitors for the virtual event on June 15-16, 2021.

The Arctic Development Expo will be using an online platform to deliver interesting panel discussions, pre-recorded presentations and interactive live question and answer sessions from government officials and industry & academic experts over the two-day event.

As we continue to implement Arctic driven solutions for evolving realities of life in the North, the 2021 conference program is under construction and will reflect the four central themes identified at the initial Arctic Development Expo in 2019: Natural & Renewable Resources, Knowledge Economy, Energy Innovations & Climate and, Indigenous Leadership & Circumpolar Governance. A brief overview of the conference program, including session topics and themes, can be accessed online.

Moving forward and integrating a virtual platform provides a range of unique Sponsorship Opportunities for both new and returning sponsors of the Arctic Development Expo. The 2021 Sponsorship Opportunities are available to view now, with more information on our website at www.arcticdevelopmentexpo.com.

More event information, speaker and exhibitor lists will be announced online via the Arctic Development Expo website and Social Media channels over the next couple of months.

The Town of Inuvik is a premier meeting and conference destination in Canada's North, with the ability to host small, medium, and large groups and events in a unique Arctic setting. By building on the previous success of the Inuvik Petroleum Show, the Arctic Energy and Emerging Technologies Conference and Tradeshow and now the Arctic Development Expo, our dedicated Staff and unique facilities are well positioned to host your next event. Please visit www.inuvik.ca for more information on our community.
